ITEM DESCRIPTION

Our Customized Drafting Table is a marvelously functional stand-up drafting table or reading desk. It is available in as narrow as 2', all the way up to a super wide 8' width! The desk is normally 29 inches deep but can be custom made up to 36" deep for a small additional charge. A drop leaf extension is available that extends the flat portion of the table up to 9 more inches deep and still keeps the desk narrow enough to fit through a 30" doorway. We can also create this desk with no flat portion up to 6' wide so the entire top adjusts. Deep drawers provide ample storage space and the 12" bookshelf is shown in pictures 2 through 6 will hold all your large reference books. The 14" deep rack shelf is also a very good choice for this standing table and can be seen in picture #1. It is perfect to stack your plans. Your desk's height will be made to order so you can be sure your drafting table will fit you perfectly. This desk is used by many who have degenerative neck problems and wish to read standing up without having to look down. An adjustable rail is available so you can support the book or papers at eye level. An amazing desk for anyone who suffers from neck injuries or disk degeneration.

Let us find the perfect **stain** and configuration to make your drafting table a one-of-a-kind masterpiece in your home or office.

The drafting tables shown here are both five feet wide in S-2 stain with 1.25" brass drawer knobs, a brass or wood footrest is standard. Be sure and also check out our **Classic Reading, Writing, Drafting Table** and our exquisite **Architectural Drafting TABLE**.
